

Hockey Festival 16th March 2016

The Level 2 School Games Hockey Festival was hosted at Wellington Academy, Tidworth on the 16th March. The event saw nine primary school teams compete in a round robin competition. In each pool the teams played three or four matches against each other.

Wellington primary school won pool one, and pool two saw Shrewton primary school take first place. The top teams from both pools then played against each other in a winner's round robin, whilst the other four teams competed in the plate.

Wellington Academy's year 10 GCSE PE students officiated the whole event, and they were organised and professional. Despite the cold weather everyone enjoyed the competition and the level of Hockey being played was high.
